

THE PETERBOROUGH SCHOOL – HEALTH & SAFETY POLICY FRAMEWORK

The primary basis for health and safety matters lies in the Health & Safety at Work Act 1974, which is the primary legislation covering occupational health and safety in Great Britain. The Health and Safety Executive (HSE), local authorities (and other enforcing authorities, such as the Fire Authorities) are responsible for enforcing the Act and other Statutory Instruments.

Part 1: General Statement. This is a mandatory requirement for all organisations with five or more employees, including schools and must be displayed prominently for pupils, staff, visitors and parents to see. It is a statement of the school’s intention to comply with all aspects of health and safety legislation.

Part 2: School Organisation. This is a summary of how this school's health and safety management is implemented in practice.

Part 3: Whole School Policies

No.	Policy	Content	Responsible	Last Amended
1	First Aid and Accident Reporting	Administering first aid and requirements for the reporting of accidents and injuries under RIDDOR	Bursar	Jul 17
